OCTOBER 2023

[WWW.FMFARMCREDIT.COM](http://WWW.FMFARMCREDIT.COM)

Dear members:

We are pleased to share with you our third-quarter member newsletter. We are motivated to make sure these newsletters are worthwhile and focused on areas where you see value. We appreciate our partnership with you and want to provide insights into some of the risks you experience in your operation – so we've included some information we think you'll find useful.

### **Impact of high interest rates**

Over the past 19 months we've experienced a trend of rising interest rates that, while rooted as a response to the Fed's attempts to reduce cost inflation, we understand the direct implications those higher interest rates have on our agricultural community. We are aware of the challenges these higher rates create, particularly given the headwinds many of the area commodities are experiencing. At Fresno Madera Farm Credit, we understand the importance of committing ourselves to providing thoughtful financial solutions to your operation. In times like this, we're particularly aware of how valuable our patronage program is and the role it plays in reducing your overall cost to borrow.

### **Join us for the Fall Member BBQ**

We also want to make sure you know about our upcoming fall member appreciation BBQ which will be held at Holland Park West on Friday, November 10. We'll be hosting a few seminars before lunch covering cybersecurity as well as leasing. We continue to note an increased threat environment for financial fraud including cybersecurity risks – we plan to continue to provide seminars that increase awareness around best practices that can be applied to reduce your fraud and cyber risks in this elevated environment.

I hope you're able to make it out for the event – we appreciate the opportunity to express our gratitude for your partnership as well as connect with you over lunch. We hope to see you there.

### **Summary**

Our unwavering commitment to you is to be an experienced partner that understands agriculture because it's our only business. We take great pride in our mission to serve the agriculture in our region and in the ongoing trust you've placed in us to serve your evolving needs. No matter the challenges that may arise, we will remain focused on earning the continued opportunity to serve you.

Warmest Regards,

Keith Hesterberg  
President & Chief Executive Officer

## Second Quarter Financial Report

The long-term viability of FMFC is important, and we would like to share with you an update on the financial performance of the association for the second quarter of 2023.

## Commercial Operating Loans

We offer comprehensive financial solutions for farmers, addressing diverse needs including crop, livestock, dairy, and agribusiness operations.

With flexible terms up to three years and adaptable variable rates, we provide secure financing.

Our revolving credit lines further enhance convenience, allowing for adaptable borrowing and repayment strategies.

**Click [here](#) to learn more.**

## Intermediate Term Loans

### Development Loans

Our development loans cover real estate enhancements such as plantings and irrigation. These loans have a variable rate during draw period with a fixed rate option available upon loan funding to help mitigate interest rate risk. Additionally, we offer interest-only periods during pre-productive stages, and terms extending up to 10 years.

### Equipment Loans

Acquiring essential machinery and equipment is crucial for business success. We offer support in obtaining the necessary assets with options for variable and fixed rates, including choices without prepayment penalties. The equipment being financed is secured through a first lien, with terms available up to 7 years.

## 2023 Madera District Fair

Fresno Madera Farm Credit is a proud sponsor of the Madera District Fair livestock auction.

We take great pride in sponsoring the belt buckle awards for the top 4-H and FFA members. Our team attended the livestock show in September to help present the buckles to each of the winners!

Congratulations again to all the hard-working ag youth at the Madera District Fair!

## 2023 Caruthers Fair

Fresno Madera Farm Credit is a proud supporter of the Caruthers Fair Livestock Auction.

With unwavering commitment, members of our team visit the fair each September to participate in bidding for locally raised animals.

It's just one way we invest in the future of agriculture and help foster the growth of the ag community!

## **FMFC Staff Week of Service at The Big Fresno Fair**

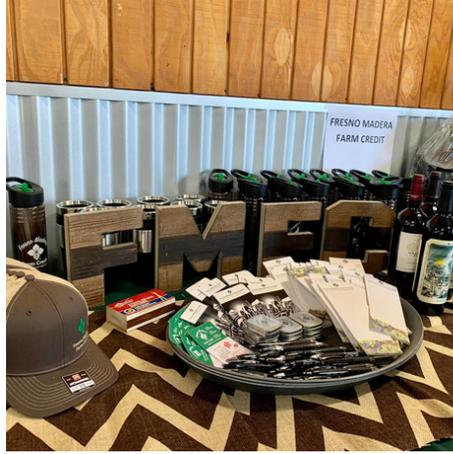

We concluded our 2023 breakfast service at The Big Fresno Fair with almost 2,000 meals served! Our team was happy to serve the hardworking ag youth ahead of their fair activities.

It was great to see the bright smiles on the faces of our FFA and 4-H youth — the future of Central Valley agriculture.

In addition to serving breakfast, members of our staff also volunteered to support the events surrounding The Big Fresno Fair livestock auctions and the champions of excellence interview competition.

## **FARMS Advanced Career Day at Fresno Madera Farm Credit was a Big Hit**

FMFC hosted ag youth from the Center for Land-Based Learning's FARMS Leadership program. Their visit included a tour of our Fresno office, an ag banking quiz, and presentations from all of our departments on the variety of positions available at FMFC!

**Click [here](#) to read more about their tour of FMFC and the impact of the Center for Land-Based Learning.**

## **How To Prevent Accidents and Injuries on the Farm**

Every year, the toll of serious injuries and fatalities among agricultural workers is a stark reminder of the risks they face. In 2019, a heart-wrenching 410 farmers and farm workers lost their lives due to work-related injuries. Even more concerning, around 100 agricultural workers experience work-related injuries daily, resulting in lost work time.

**Click [here](#) to read more about how to prevent accidents and injuries on the farm.**

## Almond Growers Seek Demand Improvements

Almond growers are questioning the Almond Board's focus on environmental goals, arguing that they don't increase global demand for U.S. almonds. These growers have outlined three requests: prioritize global demand, establish fair pricing based on demand, and align organizational changes accordingly. The Almond Board is responding with initiatives like advertising and consumer education to boost almond demand.

Click [here](#) to read more about the Board's efforts.

## The Importance of Security Awareness Training

Security awareness training plays a crucial role in shielding organizations from cyberattacks that can lead to system breaches and data exposure. The primary emphasis is on preventing these incidents, which have the potential to tarnish brand reputation and incur significant financial losses.

Click [here](#) to learn more about how security awareness training can safeguard your business.
